

Scott County Government Position Description Form

Position: Job Title: Motor Vehicle Supervisor
Department Name: County Clerk
Supervisor Title: Deputy County Clerk

Position Summary

Motor Vehicle supervisor is expected to perform all duties that fall under the title of vehicle registration clerk and to ensure all clerks within the department have the knowledge and skills to handle daily tasks

Duties and Responsibilities

- Knowledge and skills to perform all duties listed under registration clerk.
- Attend meetings for continued education, KRS laws, program changes, etc.
- Submit daily transmittal report on title work.
- Order motor vehicle related supplies, such as, plates, decal paper, etc.
- Answer emails and phone calls daily.
- Oversee all transactions throughout motor vehicle department.
- Process daily transmittal report for the department.
- Monitor quantity and quality of work being done by all deputy clerks within the department.
- Ensure quality customer service at all times.
- Ensure we have adequate staff when employees call off or called in as well as high volume days.
- Coordinate with management for lunch and vacation schedules, annual staff performance evaluations, reprimands, job placements, etc.
- Daily communication with the public, other departments within the county clerk's office, PVA, and surrounding offices.
- Perform other duties as assigned or required

Position Dimensions

Education and Experience:

- High School graduate or the equivalency, ability to operate standard office equipment, business school and/or previous internal office experience required

Special Knowledge, Skills and Abilities:

- Must possess the ability to communicate effectively, as well as a high level of customer service skills; dependability, integrity, use of mature judgment and attention to detail is necessary; experience in management preferred.

Technology:

- Computer knowledge or experience

Working Conditions Component

Working conditions are the physical surroundings of a worker in a specific job.

Mark the work conditions that are present on the job.

- 75% or more of the work is performed indoors
- 75% or more of the work is performed outdoors
- Work is performed in equal amounts inside and outside
- Extremes of cold and temperature changes
- Extremes of hot and temperature changes
- Wet Surroundings: Contact with water or other liquids.
- Humid Surroundings: Atmospheric condition with moisture content sufficiently high to cause marked bodily discomfort.
- Sufficient noise, either constant or intermittent, to cause marked distraction or possible injury to the sense of hearing.
- Sufficient vibration (production of an oscillating movement or strain on the body or its extremities from repeated motion or shock) to cause bodily harm if endured day after day.
- Fumes such as smoky or vaporous exhalations thrown off as the result of combustion or chemical reaction.
- Odors to include any disagreeable sensation, stimulation, or perception of the sense of smell.
- Dust such as textile dust, flour, wood, leather, feathers, etc., and inorganic dust such as silica and asbestos which make the workplace unpleasant.

List any other disagreeable elements present in the work environment.

Strength Rating

Following are descriptions of the five terms in which the Strength Requirement is expressed. Check the appropriate description that best describes the overall physical demands of the position.

- S-Sedentary Work** – Exerting up to 10 pounds of force occasionally (Occasionally: activity or condition exists up to 1/3 of the time) and/or a negligible amount of force frequently (Frequently: activity or condition exists from 1/3 to 2/3 of the time) to lift, push, carry, pull, or otherwise move objects, including the human body. Sedentary work involves sitting most of the time, but may involve walking or standing for brief periods of time. Jobs are sedentary when walking and standing are required only occasionally and all other sedentary criteria are met.
- L-Light Work** – Exerting up to 20 pounds of force occasionally, and/or up to 10 pounds of force frequently, and/or a negligible amount of force constantly (Constantly: activity or condition exists 2/3 or more of the time) to move objects. Physical demand requirements are in excess of those for Sedentary Work. Even though the weight lifted may be only a negligible amount, a job should be rated Light Work: (1) when it requires walking or standing to a significant degree, or (2) when it requires sitting most of the time but entails pushing and/or pulling of arm or leg controls; and/or (3) when the job requires working at a production rate pace entailing the constant pushing and/or pulling of materials event though the weight of those materials is negligible. NOTE: The constant stress and strain of maintaining a production rate pace, especially in an industrial setting, can be and is physically demanding of a worker even though the amount of force exerted is negligible.
- M-Medium Work** – Exerting 20 to 50 pounds of force occasionally, and/or 10 to 25 pounds of force frequently, and/or greater than negligible up to 10 pounds of force constantly to move objects. Physical Demand requirements are in excess of those for Light Work.
- H-Heavy Work** – Exerting 50 to 100 pounds of force occasionally, and/or 25 to 50 pounds of force frequently, and/or 10 to 20 pounds of force constantly to move objects. Physical Demand requirements are in excess of those for medium work.
- V- Very Heavy Work** – Exerting in excess of 100 pounds of force occasionally, and/or in excess of 50 pounds of force frequently, and/or in excess of 20 pounds of force constantly to move objects. Physical Demand requirements are in excess of those for Heavy Work.
