Independent Auditor's Report

Report on the Financial Statement

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Scott County Fiscal Court, for the year ended June 30, 2020, and the related notes to the financial statement which collectively comprise the Scott County Fiscal Court's financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Audit Guide for Fiscal Court Audits* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Joe Pat Covington, Scott County Judge/Executive
Members of the Scott County Fiscal Court

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Scott County Fiscal Court on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Scott County Fiscal Court as of June 30, 2020, or changes in financial position or cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the fund balances of the Scott County Fiscal Court as of June 30, 2020, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the basis of accounting practices prescribed or permitted by the Department for Local Government described in Note 1.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of the Scott County Fiscal Court. The Budgetary Comparison Schedules and the Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Schedule of Capital Assets are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws.

The accompanying Budgetary Comparison Schedules and Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the financial statement as a whole.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Joe Pat Covington, Scott County Judge/Executive
Members of the Scott County Fiscal Court

Other Matters (Continued)

Supplementary and Other Information (Continued)

The Schedule of Capital Assets has not been subjected to the auditing procedures applied in the audit of the basic financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 2, 2021 on our consideration of the Scott County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Scott County Fiscal Court's internal control over financial reporting and compliance.

**SCOTT COUNTY
NOTES TO FINANCIAL STATEMENT**

June 30, 2020

Note 1. Summary of Significant Accounting Policies

A. Reporting Entity

The financial statement of Scott County includes all budgeted and unbudgeted funds under the control of the Scott County Fiscal Court. Budgeted funds included within the reporting entity are those funds presented in the county's approved annual budget and reported on the quarterly reports submitted to the Department for Local Government. Unbudgeted funds may include non-fiduciary financial activities, private purpose trust funds, and internal service funds that are within the county's control. Unbudgeted funds may also include any corporation to act as the fiscal court in the acquisition and financing of any public project which may be undertaken by the fiscal court pursuant to the provisions of Kentucky law and thus accomplish a public purpose of the fiscal court. The unbudgeted funds are not presented in the annual approved budget or in the quarterly reports submitted to the Department for Local Government.

B. Basis of Accounting

The financial statement is presented on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of fund balances and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) to meet the financial reporting requirements of the Department for Local Government and the laws of the Commonwealth of Kentucky.

This regulatory basis of accounting differs from GAAP primarily because the financial statement format does not include the GAAP presentations of government-wide and fund financial statements, cash receipts are recognized when received in cash rather than when earned and susceptible to accrual, and cash disbursements are recognized when paid rather than when incurred or subject to accrual.

Generally, except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

C. Basis of Presentation

Budgeted Funds

The fiscal court reports the following budgeted funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary sources of receipts for this fund are state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of receipts for this fund are reimbursements from the state and federal governments, payments from other counties for housing prisoners, and transfers from the general fund. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Note 1. Summary of Significant Accounting Policies (Continued)

C. Basis of Presentation (Continued)

Budgeted Funds (Continued)

Local Government Economic Assistance Fund - The primary purpose of this fund is to account for grants and related disbursements. The primary sources of receipts for this fund are grants from the state and federal governments.

McCracken Fund - The primary purpose of this fund is to pay for indigent care. The money in the fund is generated from a trust fund, in which only the interest can be spent, with one-third of the money going back into the trust fund.

Hospital Fund - The receipts for this fund are generated from certificates of deposit resulting from the sale of the old hospital. The interest earned from these CD's is used for indigent care and pauper funerals.

Unbudgeted Fund

The fiscal court reports the following unbudgeted fund:

Jail Commissary Fund - The canteen operations are authorized pursuant to KRS 441.135. The profits generated from the sale of items are to be used for the benefit and to enhance the well-being of the inmates, or to enhance safety and security within the jail. The jailer is required to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the jail commissary fund.

Internal Service Fund

Self-Insurance Fund - On January 1, 2018, the Scott County Fiscal Court (county) implemented a self-insured health plan which utilizes a third-party administrator to process claims. Under the plan, the fiscal court pays the cost of a single employee plan for all county employees, and collects employee premiums for child, spouse, or family level plans. The fiscal court then pays health insurance claims on a pay-as-you-go basis. The county uses a clearing account to deposit the premiums collected and to pay the fees and claims to the administrator.

D. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board and according to the laws of Kentucky as required by the state local finance officer.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

The state local finance officer does not require the jail commissary fund to be budgeted because the fiscal court does not approve the expenses of this fund.

E. Scott County Elected Officials

Kentucky law provides for election of the officials listed below from the geographic area constituting Scott County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statement of the Scott County Fiscal Court.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

F. Deposits and Investments

The government's fund balance is considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition. The government's fund balance includes cash and cash equivalents and investments.

KRS 66.480 authorizes the county to invest in obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

G. Long-term Obligations

The fund financial statement recognizes bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as disbursements. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as disbursements. Debt proceeds are reported as other adjustments to cash.

H. Tax Abatements

GASB Statement No. 77 – The requirements of this Statement improve financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public presently. Disclosure of information about the nature and magnitude of tax abatements will make these transactions more transparent to financial statement users. As a result, users will be better equipped to understand (1) how tax abatements affect a government's future ability to raise resources and meet its financial obligations and (2) the impact those abatements have on a government's financial position and economic condition.

SCOTT COUNTY
NOTES TO FINANCIAL STATEMENT
June 30, 2020
(Continued)

Note 2. Deposits and Investments

A. Deposits

The fiscal court maintained deposits of public funds with federally insured banking institutions as required by the Department for Local Government's (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual*. The DLG Manual strongly recommends perfected pledges of securities covering all public funds except direct federal obligations and funds protected by federal insurance. In order to be perfected in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the fiscal court and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of the DLG *County Budget Preparation and State Local Finance Officer Policy Manual*. As of June 30, 2020, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

B. Investments

As of June 30, 2020, the fiscal court had the following investments and maturities:

Type	Cost Basis	Maturities (In Years)			
		Less Than 1	1-5	6-10	More Than 10
Cash Equivalents	\$ 15,349,124	\$ 15,349,124	\$	\$	\$
Investments:					
Municipal Bonds (KY)	2,061,326	659,791	1,401,535		
Total Investments	2,061,326	659,791	1,401,535		
Total Fund Balance	<u>\$ 17,410,450</u>	<u>\$ 16,008,915</u>	<u>\$ 1,401,535</u>	<u>\$ 0</u>	<u>\$ 0</u>

Custodial Credit Risk is the risk that, in the event of failure of the counterparty, the fiscal court will not be able to recover the value of its certificates of deposit, investments, or collateral securities that are in the possession of an outside party. The fiscal court's investment policy requires counterparties to provide sufficient collateral or other insurance if any investments or deposits exceed the insurance provided by Federal Deposit Insurance Corporation (FDIC). All certificates of deposit and investments must be held by the counterparty in the fiscal court's name. The fiscal court has \$15,349,124 of certificates of deposit and \$2,061,326 of investments in securities held by the counterparties' trust departments in the fiscal court's name.

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The fiscal court is statutorily limited as to credit ratings, at the time of purchase. KRS 66.480 and the fiscal court's investment policy define the following items as permissible investments:

 - a. The mutual funds shall be an open-end diversified investment company registered under the Federal Investment Company Act of 1940, as amended.
 - b. The management company of the investment company shall have been in operation for at least five years; and
 - c. All of the securities in the mutual fund shall be eligible investments pursuant to this section;
- 11) Individual equity securities if the funds being invested are managed by a professional investment manager regulated by a federal regulatory agency. The individual equity securities shall be included within the Standard and Poor's 500 Index, and a single sector shall not exceed twenty-five percent (25%) of the equity allocation; and
- 12) Individual high-quality corporate bonds that are managed by a professional investment manager that:
 - a. Are issued, assumed, or guaranteed by a solvent institution created and existing under the laws of the United States;
 - b. Have a standard maturity of no more than ten years; and
 - c. Are rated in the three highest rating categories by at least two competent credit rating agencies.

Note 2. Deposits and Investments (Continued)

B. Investments (Continued)

Credit Risk (Continued)

The fiscal court is limited to investing no more than 20 percent in categories 5, 6, 7, 9, and 10 above per state statute and the fiscal court's investment policy. As of June 30, 2020, the fiscal court does not have any investments in these categories.

The fiscal court's rated investments, as of June 30, 2020, and the ratings are presented in the table below. All issuers of the municipal bonds are located in the Commonwealth of Kentucky.

Type	Standard & Poor's/Moody's Credit Ratings				Unrated/NA	Cost Basis
	AAA/Aaa	AA/Aa	A	WR		
Cash Equivalents	\$ 15,349,124	\$	\$	\$	\$	\$ 15,349,124

 Total Fund Balance	 \$ 15,349,124	 \$ 2,061,326	 \$ 0	 \$ 0	 \$ 0	 \$ 17,410,450

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the fiscal court's investment in a single issuer. U.S. Government securities and investments in mutual funds are excluded from this risk.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The fiscal court's policy provides that, to the extent practicable, investments are matched with anticipated cash flows. Investments are diversified to minimize the risk of loss resulting from over-concentration of assets in a specific maturity period, a single issuer, or an individual class of securities. See table above for investments listed by type and duration.

Foreign Currency Risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. The fiscal court's policy historically has been to invest only in securities in U.S. denominations.

Note 3. Transfers

The table below shows the interfund operating transfers for fiscal year 2020.

	General Fund	Total Transfers In
Road Fund	\$ 1,370,000	\$ 1,370,000
Jail Fund	2,375,000	2,375,000
 Total Transfers Out	 \$ 3,745,000	 \$ 3,745,000

Reason for transfers:

To move resources from and to the general fund and other funds, for budgetary purposes, to the funds that will expend them.

Note 4. Custodial Funds

Custodial funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. In accordance with the regulatory basis of accounting, custodial funds are not presented on the financial statement.

The fiscal court has the following custodial fund:

Jail Inmate Fund - This fund accounts for funds received from the inmates. The balance in the Jail Inmate Fund as of June 30, 2020, was \$7,631.

Note 5. Employee Retirement System

The fiscal court has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS), which is administered by the Board of Trustees of the Kentucky Retirement Systems (KRS). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute.

The county's contribution for FY 2018 was \$2,855,719, FY 2019 was \$3,210,677, and FY 2020 was \$4,187,673.

Nonhazardous

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 6 percent of their salary to be allocated as follows: 5 percent will go to the member's account and 1 percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute 5 percent of their annual creditable compensation. Nonhazardous members also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the KRS Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a 4 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 24.06 percent.

Hazardous

Hazardous covered employees are required to contribute 8 percent of their salary to the plan. Hazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 9 percent of their salary to be allocated as follows: 8 percent will go to the member's account and 1 percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan.

Members in the plan contribute a set percentage of their salary each month to their own accounts. Hazardous members contribute 8 percent of their annual creditable compensation and also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A hazardous member's account is credited with a 7.5 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55. For hazardous employees who begin participation on or after September 1, 2008, aspects of benefits include retirement after 25 years of service or the member is age 60, with a minimum of 60 months of service credit.

The county's contribution rate for hazardous employees was 39.58 percent.

Other Post-Employment Benefits (OPEB)

A. Health Insurance Coverage - Tier 1

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

Years of Service	% Paid by Insurance Fund	% Paid by Member through Payroll Deduction
20 or more	100%	0%
15-19	75%	25%
10-14	50%	50%
4-9	25%	75%
Less than 4	0%	100%

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Note 5. Employee Retirement System (Continued)

Other Post-Employment Benefits (OPEB) (Continued)

A. Health Insurance Coverage - Tier 1 (Continued)

Hazardous employees whose participation began on or after July 1, 2003, earn 15 dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 161.714 with exception of COLA and retiree health benefits after July 2003.

B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous

Once members reach a minimum vesting period of 15 years, they earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 161.714 with exception of COLA and retiree health benefits after July 2003. Tier 3 members are not covered by the same provisions.

C. Health Insurance Coverage - Tier 2 and Tier 3 - Hazardous

Once members reach a minimum vesting period of 15 years, they earn fifteen dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent. Upon the death of a hazardous employee, the employee's spouse receives ten dollars per month for insurance benefits for each year of the deceased employee's hazardous service. This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent COLA since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

D. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of KRS benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5 percent. The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

D. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

E. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KRS will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

KRS Annual Financial Report and Proportionate Share Audit Report

KRS issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

KRS also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and OPEB Amounts by Employer reports and the related actuarial tables are available online at <https://kyret.ky.gov>. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

Note 6. Deferred Compensation

The Scott County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax-sheltered supplemental retirement plans for all state, public school and university employees, and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permit all full-time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 501 High Street, 2nd Floor, Frankfort, KY 40601, or by telephone at (502) 573-7925.

Note 7. Flexible Spending Account/Dependent Care Assistance Program

Effective January 1, 2020, the fiscal court established a health flexible spending arrangement (FSA) and a dependent care assistance program (DCAP) under a Section 125 cafeteria plan. The fiscal court contracted with a third-party administrator to act as the contract administrator to furnish administrative services for the plan. The FSA allows employees to elect to contribute money from each paycheck per IRS guidelines, before payroll taxes are calculated, to help pay for eligible medical expenses for themselves and their dependents.

SCOTT COUNTY
NOTES TO FINANCIAL STATEMENT
June 30, 2020
(Continued)

Note 7. Flexible Spending Account/Dependent Care Assistance Program (Continued)

All FSA funds must be spent by the end of the plan year or they are lost. Any unused funds up to a maximum of \$500, can be carried over from one plan year to the next. Participants get an extra two and a half months after the end of the plan year to use any leftover funds. The DCAP allows employees to make pre-tax contributions to the DCAP account. After paying for care and filing a claim, the employee receives reimbursement from the DCAP. Annual contribution amounts are subject to IRS limits. The amount in the employee's DCAP account as of the end of any plan year shall be forfeited and credited to the benefit plan surplus. Participants of the DCAP have ninety days after the end of each plan year to submit claims for reimbursement.

Note 8. Insurance

For the fiscal year ended June 30, 2020, the Scott County Fiscal Court was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 9. Conduit Debt

From time to time, the county has issued bonds to provide financial assistance to various entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest, in accordance with KRS 103.210. This debt may take the form of certain types of limited-obligation revenue bonds, certificates of participation, or similar debt instruments. Although conduit debt obligations bear the Scott County Fiscal Court's name as issuer, the fiscal court has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf it is issued. Neither the fiscal court nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statement. As of June 30, 2020, conduit debt has been issued but the amount currently outstanding is not reasonably determinable.

Note 10. Tax Abatement

A tax abatement as defined by the Governmental Accounting Standards Board (GASB) is a reduction in tax revenues that results from an agreement between one or more governments and an individual or an entity which (a) one or more governments promise to forego tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the government or citizens of those governments. Tax abatements do not include tax credits.

Toyota Motor Manufacturing - The occupational license tax was abated under the authority of the Kentucky Jobs Retention Act. Toyota Motor Manufacturing is eligible to receive this tax abatement due to this program providing incentives to eligible businesses which remain in the Commonwealth under KRS 154.25-010 to KRS 154.25-050. Scott County Fiscal Court agreed to forego the collection of one-half of the one percent of occupational license taxes that would otherwise be due to the County. Toyota Motor Manufacturing agreed to the following provisions: (1) creation of at least 570 new, full-time jobs for Kentucky residents over and above the current employment base of 6,169; (2) maintain the employment base and the newly created jobs for the full term of the agreement. For fiscal year ended June 30, 2020, Scott County Fiscal Court abated occupational license taxes totaling \$1,805,735.

Note 11. Payroll Revolving Account

The reconciled balance of the payroll revolving account, \$232,772 as of June 30, 2020, was added to the general fund cash balance for financial reporting purposes.

SCOTT COUNTY
NOTES TO REGULATORY SUPPLEMENTARY
INFORMATION - BUDGETARY COMPARISON SCHEDULES

June 30, 2020

Note 1. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board and according to the laws of Kentucky as required by the state local finance officer.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

Note 2. Reconciliation of the General Fund

SCOTT COUNTY
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2020

Note 1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Scott County, Kentucky under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Scott County, Kentucky, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Scott County, Kentucky.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 3. Indirect Cost Rate

Scott County has elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of The Financial
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Scott County Fiscal Court for the fiscal year ended June 30, 2020 and the related notes to the financial statement which collectively comprise the Scott County Fiscal Court's financial statement and have issued our report thereon dated September 2, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Scott County Fiscal Court's internal control over financial reporting (internal control) to determine audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Scott County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Scott County Fiscal Court's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance And Other Matters

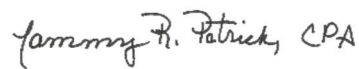

As part of obtaining reasonable assurance about whether the Scott County Fiscal Court's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Statement Performed In Accordance With *Government Auditing Standards*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance
In Accordance With Uniform Guidance

Independent Auditor's Report

Report on Compliance for Each Major Federal Program

We have audited the Scott County Fiscal Court's compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the Scott County Fiscal Court's major federal programs for the year ended June 30, 2020. The Scott County Fiscal Court's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Scott County Fiscal Court's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Scott County Fiscal Court's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the Scott County Fiscal Court's compliance.

Opinion on Each Major Federal Program

In our opinion, the Scott County Fiscal Court complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report On Compliance For Each Major Federal Program
And Report On Internal Control Over Compliance
In Accordance With Uniform Guidance

Report on Internal Control over Compliance

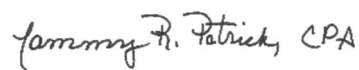

Management of the Scott County Fiscal Court is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Scott County Fiscal Court's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Scott County Fiscal Court's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
