

f) Copies of the certified plans and specifications reviewed for compliance.

g) Documentation related to Remedial Actions, including but not limited to actions taken to remedy violations of this ordinance as specified in Article 3, Section H.

**5) Map Determinations.** Make interpretations where needed, as to the best estimate of the location of the boundaries of the special flood hazard areas, for example, where there appears to be a conflict between a mapped boundary and actual field conditions.

a) Where interpretation is needed as to the exact location of boundaries of the areas of special flood hazard (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Floodplain Administrator shall make the necessary interpretation. The person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in Article 6, Section (3) b.

b) When base flood elevation data or floodway data have not been provided in accordance with Article 3, Section B, then the Floodplain Administrator shall obtain, review, and reasonably utilize any base flood elevation and floodway data available from a federal, state, or other source, in order to administer the provisions of Article 5.

c) When flood-proofing is utilized for a particular structure, the Floodplain Administrator shall obtain certification from a registered professional engineer or architect, in accordance with Article 5, Section B (2) a flood-proofing certificate.

d) All records pertaining to the provisions of this ordinance shall be maintained in the office of the Floodplain Administrator and shall be open for public inspection.

**6) Right of Entry.**

a) Whenever necessary to make an inspection to enforce any of the provisions of this ordinance, or whenever the Floodplain Administrator has reasonable cause to believe that
