

stipulation that the surveyor or engineer be required to show existing monumentation and coordinates on the plan/plat.

8. CHECKING OF DIGITAL DATA

- a. The digital data will be checked for the following criteria:
 - i. Identifiable layer names
 - ii. Closure or the geometry of the boundary
 - iii. Verification that digital and hard copy maps are consistent
 - iv. Correct geographic/geodetic position, i.e. correct coordinate system
- b. The developer will be given ten (10) working days from the day of notification of errors to correct and resubmit the corrected digital file.

Once the digital data is corrected, resubmitted, and verified to be in accordance with the "Specifications for Digital Submittals and Requirements for Content and Format" document through the GSCPC's GIS Office, GSCPC staff will be issued a copy of the plat generated by the digital submittal. GSCPC staff will check it against the hard copy received to verify they coincide, and then proceed with the process of ensuring the information complies with the Subdivision and Development Regulations for Georgetown, Sadieville, Stamping Ground, and Scott County, Kentucky and make a recommendation to the Planning Commission

9. ADJUSTMENTS TO THESE REQUIREMENTS

- a. The Georgetown-Scott County Planning Commission may waive or adjust requirements specified herein, upon a finding that the strict adherence of the requirements does not apply or is contrary to the long-term maintenance of the GIS of Georgetown and Scott County.
- b. The GSCPC staff may upon review of the subdivision or development require submittal of the 'as-built' in accordance with these regulations based on minor or major amendments.
- c. **Nine months from date of adoption,** GSCPC staff will perform an audit of these requirements to monitor compliance and overall effectiveness and make amendments as needed.

SECTION TWO: EFFECTIVE DATE: This Ordinance shall take effect upon passage and publication.
